Colonel Harris B. Hall, USAF
Deputy for Intelligence
Headquarters, FEAF
APO 925, San Francisco, California

Dear Harris:

Further reference is made to your letter of 3 May and my interim reply of 9 May concerning [redacted]

Unfortunately, I find that we have no suitable vacancies for [redacted] at this time, nor can we foresee any for the immediate future. We are pretty well set on Colonels for at least one year.

In an attempt to determine [redacted] availability in the event we wanted to request his assignment, I learned that he has written to friends in the Office, Director of Intelligence, USAF on this same subject. They plan to request him for that Office when he is reported available for reassignment. Also, the Colonels Group has noted his file indicating our interest in the event the Air Force Intelligence assignment does not materialize. If this should happen, we will take another look at our requirements at that time.

Thanks again for letting me know about [redacted].

Sincerely,

SIGNED

C. F. Cabell
Lieutenant General, USAF
Deputy Director
